All Ready to Carry Victoria's Remains to Portsmouth-All England in Mourning-Royal Mourners.

Cowes, Jan. 31.-A glittering crescent of light stretches this evening from Cowes to Portsmouth. It consists of en miles of warships, the pick of the British, French and German navies. These lie at anchor ready to take part in tomorrow's ceremonies, when the navy will pay a jast magnificent tribute to the sovereign whose reign was marked by the greatest naval progress

in the history of the nation, Apart from these spectacular rows and rows of twinkling port lights, separated from each other by only a few cable lengths, one might fancy that the gotet towns of Cowes and Rhyde were indergeing a blockade. The guns sweep the worled shores at short range,

At the head of the line are the old paddle-wheel royal yachts, their sombre halls standing out in vivid contrast against the white sides of the Hohenzollern. Then in single column, come the British battleships. Half way to Portsmouth the single line merges into a stately double row, the vessels of the foreign nations and the biggest of the British craft lying there and waiting to salute the body of England's lamented queen.

The coffin, the military spectacle and the other attendant features will in-spire intense interest and emotion, but what creates greater expectancy is the announcement that Queen Alexandra nd the princesses of the royal blood vill walk down the muddy road and through the narrow streets to the water's edge. This part of the program thus far holds good although should rain be falling when the prossion starts from Osborne house, the ladies will scarcely persist their determination,

ALL QUIET AT OSBORNE.

At Osborne this evening all is quiet, During the day the royal personages walked about the grounds and passed the hours in much the same way as they had done for a week or more. Two solitary policemen guarded the lodge rpenters are disturbing the quie hedge rows by the hasty erection of stands, and in Cowes and East Cowes there is the same noise. But windows and seats on stands that would sell in London for 50 guineas each are going here at half a guinea,

People throughout the country side are lamenting tomorrow's sorrow, for with it will go the remains of one whom they had grown to look upon as arly their own, as well as the prestige her constant visits bestowed pon the locality. Meanwhile the in ader, the excursionist, the journalist, and the visitor from the continent or the mainland discusses without ceasing the best coign of vantage to view errow's speciacle for speciacle rather than funeral it will be because of the ate preparations which will make rival in studied magnificence, the naand military display which marked ce Henry of Prussia and his staff

## Mother's Friend

Those who do know about it wonder how they ever got along without it. It has robbed childbirth of its terrors for many a young wife. It has preserved her girlish figure and saved her much suffering. It is an external lini-ment and carries with it therefore, absolutely no danger of upsetting the system as drugs taken internally are apt to do. It is to be rubbed into the abdomen to soften and strengthen the muscles which are to bear the strain. This means much less pain. It also prevents

morning sickness and all of the other discomforts of pregnancy.

A druggist of Macon, Ga., says:

"I have sold a large quantity of Mother's Friend and have never known an instance where it has failed to produce the good results

A prominent lady of Lam-berton, Ark., writes: "With my first six children I was in labor from 24 to 30 hours. After using Mother's Friend, my seventh was born in 4 hours."

your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from ex-

kidney trouble. Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits

senators and Minister Wu Express Views on Various Topics.

Baltimore, Feb. 1.-The annual ban-quet of the Merchants and Manufacturers' association last night brought together a large number of distinished men, among whom were four United States senators and a dozen or more congressmen and nearly all the prominent officials of the State of Maryland. The Chinese Minister Wu Ting Fang, was the chief guest and his per sonality aroused the greatest interest as did also his response to the today of "Our International Relations with China." Senator Daniel of Virginia discussed "Commerce and the Nicaraguan Canal;" Senator Thurston of Ne-braska talked about "The Broadening Horizon of National Duty;" Senator Burrows, of Michigan, told of "National Financial Problems;" Senator Culber-son of Texas, spoke on "The Common Interests of Ballimore and the South Interests of Baltimore and the South-ern States," and Prof. Walter Wykoff of Princeton university, discussed "Industrial Progress."
Minister Wu took notes during the

early responses, his pencil being notice-ably rapid during a passage in Gov. Smith's speech in which that official referred to the acquisition by this country of the Phi!'ppines, Porto Rico, possibly of Cuba, and a "slice of China." Mayor Hayes followed Gov. Smith

Senator Daniel, after fully discussing the problems connected with the completion of the Nicaraguan canal, de clared that his vote will always be re-"The partition of the corded against Chinese empire in any way or manner whatsoever," at which sentiment Minister Wu clapped his hands. ment later he appeared equally pleased when the Virginia senator launched a vigorous philippic against the looting of Chinese cities, towns and villages

in the name of Christianity.
Senator Thurston followed and declared that having taken the Philippines, we were bound to keep them and that it is our constitutional duty to govern them as a part and parcel of United States. He asserted that any person who encourages the revolu-tionists in the Philippines is a traitor to his country.

WEST POINT GRADUATION. The Class of '01 Will Graduate February 15.

New York, Feb. 1.—A special to the Tribune from West Point says: The class of '61 at the military academy will be graduated on February 15. This news has been received by several cadets, whose friends in Washington are in a position to know. The five first men, or "stars" will be assigned to the engineers' corps. They are Cadets Johnson, Sherrill, Poole, Peek and Spalding. It is expected that the Congress hazing investigators make a report before the order of graduation is given.

## IMMORAL SUASION.

It Has Certain Advantages Over the Milder Moral Method.

Moral suasion, the appeal to the rational nature of man, is doubtless a very good thing. But it will not compare with immoral sussion for inducing swiftness of thought or promptness of action. The burglar surprised in his raid and requested to "please go away" will argue the case in the forceful burglar way. year and a half old, and he was under the doctor's treatment for five long years. We spent all we made for doctor bills, and it did no good. When he would take a spell of indigestion he would lie for ten and fifteen days, and it seemed as though he would die. He had these spells every two or three weeks. He could not eat anything only weeks. He could not eat anything only a little milk and cracker, and sometimes even this would make him sick. He could not eat any meat or vegetables and he got very weak; could not sit up all day, and I gave up all hope of his ever getting any better. Three years ago I found one of your books, and on looking it ever getting any better. and on looking it over one day I no-ticed Dr. Pierce's Golden Medical Discovery recommended for indigestion. We bought some and gave it to our boy. He had been treated at Hood's Creek by a good doctor, and at Bennettsville, 8. He is well as can be and can eat anything that he wants and it does not hurt him. He has not been sick a day since and it has been three ears since he took your medicine. I can safely say that he is well." WHERE WILL IT

END?

No one can say where the results of disease of the stomach and its al-lied organs will end. The stomach is the source of supply for each organ of the body. Whatever affeets the stomach to reduce its strength and its ability to provide nutriorgans will also affect the organs themselves. Heart, liver, lungs, kid-neys, all must share the "weakness" of the stom-ach. When diseases of the stomach and other organs of digestion and nutrition are cured by the use of Dr. Pierce's Golden Medical Discovery, diseases of other organs originating and innutrition cured at the same time.

Waltham, Mass., Feb. 1.—Mary Palmer Banks, widow of Nathaniel F. Banks, who died at the old homestead last night, with her daughters, Mrs. Sterling, wife of Rev. Paul Sterling, of Melrose and Miss Maud Banks, the actress, at her bedside, was born in Charleston. As a girl she became acquainted with Mr. Banks when 17 years old and married him when she was 28, in Providence. They had four children, three surviving, Mrs. Sterling, Miss Maud Banks and a son, Joseph Banks, who is a civil engin-ee, in New York. Mrs. Banks always occupied a prominent social position,owing to the prominence of her husband who served as speaker of the national House of Representatives and as gov-ernor of Massachusetts. Mrs. Banks remained in camp with the general. At the time the Prince of Wales was in Boston in 1860, her husband was then

count of being first lady, she had the opening dance with the prince,

governor of Massachusetts, and on ac-

Price of Wine Advanced. San Jose, Cal., Feb. 1 .- A general advance in the price of wines is announced here. Sweet wines especially have gone up and are now held from 9 to 12 cents per gallon higher than heretofore. Clarets and white wines will be quoted

hereafter at an advance of from five to eight cents per gallon.

The cause for this advance is explained by the local dealers as due to the reduced production due to drought for two or three years and increased phylloxera. The last vintage especially has felt its ravages.

The Famous Hamburg.

New York, Feb. 1.-When seen regarding his purchase of Hamburg at the Bitter Root stud auction sale, Wil-Whitney said: "I will send Hamburg to Kentucky at

once and I anticipate that he will prove a sire worthy of his pedigree. "There is no reason why not. He represents the best blood fines in the American stud book, a truly American strain, and you know what

his records were as a race horse.'

Mile Run Record. Chicago, Feb. 1.—Eugene Bliss, a freshman in the University of Chicago, yesterday broke the in-door record for the 'varsity track in the mile run, doing the distance in 4:27 2-5. The former record was 4:48 3-5, and was held by B. B. Smith.

A Convincing Answer.

"I hobbled into Mr. Blackmon's drug store one evening," says Wesley Nelson of Hamilton, Ga., "and he asked me to try Chamberlain's Pain Balm for rheumatism with which I had suffered for a long time. I told him I had no faith in any medicine as they all failed. said: 'Well if Chamberlain's Pain Balm does not help you, you need not pay for it. I took a bottle of it home and used it according to the directions and in one week I was cured, and have not since

been troubled with rheumatism. For a Cold in the Head Laxative Bromo-Quinine Tablets.
